

Frederick Thomas
ELECTRICAL & MAINTENANCE LTD

RETAIL

B & Q STORES

Frederick Thomas Electrical & Maintenance Ltd are a long term electrical services partner for B & Q, assisting them in their increasing portfolio of new build stores and refurbishments throughout the UK, encompassing 'millions' of square feet of new retail space.

Over recent years we have been involved with new build mini-warehouses and larger warehouse stores on a design and build basis and have been instrumental in the development of the current generic specification.

The works cover both the retail fit out and office shell. On a selection of stores we have also undertaken design and installation of the Mechanical Services.

Frederick Thomas
